MADE IN THE U.S.A.

100% manufactured in NC and distributed throughout the U.S.

Our beautifully woven fabric has designs that come from deep within my heart and soul. My Mom was one of the most talented people I have ever known. She could make anything!! After she passed away years ago, my Dad gave me her hand drawn schoolbooks from Germany. Every page has beautiful designs on the borders, as well as drawings throughout. I decided then, that some day I would honor her by finding a voice for her amazing talents. So, the design that you see on our first Soul Seal mat, and the ones that will follow are all original Ursula Mason design.

Soul Seal is also currently involved in the community including putting on free local yoga events and giving back a portion of all sales to a charity close to companies heart.

Soul Seal currently comes in 6 colors, Prana Pink, Mellow Mantra Yellow, Guru Green, Buddha Blue Bright, Pilates Purple and Bandah Dark Blue and is available online at www.soulseal.com
